List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts**.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

[illegible]

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is not recorded on a touchdown runback, regardless of the distance of the scoring run.

Article 1: All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3: The rushing total is a net figure . All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5: There is no pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is *not* charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the player interfered with) credited with a pass caught. The passing team

is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

Article 1: A lateral pass is always a component part of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and returns 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

Article 2: Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

Article 3: Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

Article 4: The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

Article 1: Total offense is the combined result of rushing and forward passing only, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

Article 2: Total offense yardage is the total of net gain by rushing and net gain by forward passing. "Receiving" yards gained are not included in total offense.

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

[illegible]

SECTION 6 — PUNTS.

(Note — "Ultimate advance" of the punt shall be construed to include also any distance which a receiver of the punt may retreat toward his own goal before attempting to return up field. This interpretation gives greatest benefit to both the punter and the receiver, since excellence of the punt normally is responsible for retreat by the receiver. Thus "minus yards" should NOT be recorded under "punt returns.")

Article 3: If a receiver muffs a punt and the ball **continues toward his goal line**, the punt is measured to the point of recovery or ultimate advance, as defined above. If a receiver muffs a punt and the ball bounds back **toward the kicker's goal**, the punt is measured to the point of the muff (the point of ultimate advance), and the receiver is credited with a punt return and with the yards from the point of the muff to the point of recovery, regardless of which team recovers.

Article 4: A blocked punt is recorded as a **"team"** entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass the line of scrimmage, enter the word **"team"** in lieu of kicker's name and charge one punt for NO yards, so the blocked punt is **included** under **"Times Kicked"** in team totals.

If the ball travels toward the kicker's goal and is recovered by the **blocking** team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the **kicking** team, the yardage is treated as a punt return by the player who blocked the kick — and the blocking team is charged with a fumble lost, except on fourth down.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (*Exception* — Blocked kicks which travel toward the kicker's goal. See Article 4 of Section 6.)

Article 2: The return will be measured from the point where the returning player actually gains control of the ball to the point where the ball is declared dead, or is lost by fumble. There are no "minus yards" under kick returns (see note under Article 1 of Section 6).

SECTION 8 — FREE KICKS.

SECTION 9 – GOALS FROM THE FIELD.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

The distance of such kicks is recorded on form 347 only under "principal individual plays." If kick is unsuccessful, show yard line from which kicked, in lieu of distance.

SECTION 10 — POINTS AFTER TOUCHDOWN.

Article 1: A player attempting a try-for-point-after-touchdown by kicking is **not** charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt **is** charged to the individual kicker, regardless of the success or failure of the effort.

Article 2: The try-for-point-after-touchdown is made while time is out and *is not* recorded as a play from scrimmage (rush, pass or kick).

When a try-for-point-after-touchdown is by forward passing, the **passer** is charged (under SCORING) with the attempt, whether successful or not. If successful, the **receiver** is credited under SCORING with the conversion and points scored, and the **passer** is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception.

SECTION 11 – SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

SECTION 12 – FUMBLES.

On any play **terminated** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling — On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)
